

SNO 2.0mp Outdoor Battery WIFI camera

Feature:

- Huawei LiteOS system: ultra-low power consumption, long standby, smart power saving
- Intelligent PIR: Built-in PIR human body infrared sensor, when the monitoring area detects someone passing by, it automatically records and sends abnormal alarm information to the mobile phone.
- Easy to install: Really all wireless, effectively solve wiring troubles, with magnetic bracket to meet various needs
- HD quality: HD 1080P, clear and delicate images
- Infrared night vision: support 10-20 meters infrared night vision, night can also be seen at a glance
- Large-capacity battery: Supports 2 sections of 18650 rechargeable lithium battery, easy to disassemble, replaceable battery
- Viewing angle: 100° high-definition wide angle, easy to meet daily monitoring needs
- TF card storage: built-in storage TF card slot, maximum support for 128G memory card cycle storage
- Remote wake-up: APP remote viewing real-time monitoring screen
- Video intercom: remote video intercom through mobile app, with full-duplex intercom function, clear call voice
- Double choice: support WiFi connection, also support AP hotspot connection, and can monitor without network
-

specification

Model	SNO-C010-20
CAMERA	
Resolution	1080P
Sensor	200W1/2.7" CMOS SENSOR
Lens	HD 3.6mm@F2.0
Viewing angle	100°
Day/Night	IR-CUT
IR distance	20M
Pixel	1920*1080
battery capacity	2pcs 18650 rechargeable lithium batteries
Compression standard	H.264
PIR Sensor	
PIR Distance	10m (Depending on the usage environment)
Induction sensitivity	adjustable
Interface/button	
Storage interface	Micro SD (Max 128G)
Audio in	Built-in microphone
Audio out	Built-in speaker
Nextwork	
Connection method	WIFI/AP
Wireless standard	IEEE802.11b, 802.11g, 802.11n
Video intercom	Remote video intercom
Intelligent alarm	Monitoring range has passed, smart push mobile phone
General specification	
Wake-up method	Remote wakeup
Working temperature and humidity	-10℃~50℃, Humidity less than 90% (no condensation)
power supply	5V micro USB port
Battery life	4 months (10 triggers / day)
Battery standby time	10 months
Waterproof	IP66
